

2016 Big Table Farm Willamette Valley Pinot Noir

1835 cases produced
unfined and unfiltered
label - Buttercup of big table farm

This wine is a true representation of the northern Willamette valley as all 8 pinot sites I work with end up in this bottling, from south of Salem to north of Forest Grove. It would be arrogant of me to think I could predict which fruit will turn into the best wine so I treat all with equal diligence. I think this approach makes this bottling different

but on par with our vineyard designates – it is more affordable because we make a lot more of it, but it gets the same care and handling as the rest of the wines.

tasting notes-

This wine is very expressive of smoky espresso, cacao, raspberry, pomegranate, rose petals, and graham cracker. The fruit on the palate is juicy in a refreshing kind of way with playful dusty tannins. There is an easiness to the way the wine drinks that is soothing and comfortable like the way your favorite old pair of leather boots feel on your feet.

big table farm is the collaborative effort of brian marcy and clare carver
- we are a winemaker and an artist, we grow and produce what we love to eat and drink -

In 2006 we moved to Oregon from Napa, where Brian had been making wine for ten years. We started with a dream and made our first 150 cases in 2006.

Our Farm

We own and manage 70 acres in the northern Willamette Valley, where we raise animals and produce seasonal vegetables. If you visit us, you'll find free-range hens, pasture-raised pigs and grass-fed cows. We are building a managed intensive grazing system of farming that builds our soil, sequesters carbon, and moves us towards a healthy, sustainable and diverse farm.

Our Labels

The art on our labels is drawn by Clare and is unique to each vintage. The labels themselves are made by hand using a letterpress and thick printmaking paper. After each label is applied by hand we carefully wrap each bottle in tissue to preserve the letterpress paper's texture and beauty. There is a product code on the bottom of each bottle so you don't have to unwrap them to identify the wines.
